SUPPORT TO THE UNIVERSITY OF CAPE TOWN

Dear UCT Colleagues

News of the raging fires that have engulfed the University of Cape Town, impacting students and staff, destroying buildings including Libraries and disrupting the academic programme, have saddened the SMU community. The damage to buildings and the loss of the African Studies Library housing rare information resources is a tragic event nationally and internationally.

We, the staff and students of SMU wish you well in the recovery efforts; our prayers and thoughts are with you.

#WeAreSMU
