MESSAGE OF SUPPORT FOR THE UNIVERSITY OF CAPE TOWN COMMUNITY

The Management, Staff and Students of MANCOSA are deeply shocked and saddened to learn of the wide-scale destruction of historical landmarks and campus infrastructure caused by the raging fires in Cape Town. As members of the higher education community of South Africa, we too, are tormented at the loss of literature and history. May all the voices that were erased in the fire, find new life as we remember and tell their truths. In following the developments concerning this catastrophe, we are comforted by the news that no lives were lost. As the community takes stock of the full extent of damages and charts the path for reconstruction, MANCOSA wishes to affirm its unfeigned support to the UCT community. May all those affected, be strengthened to conquer this adversity.

Sincerely,

Professor Magnate Ntombela

Principal: MANCOSA
